

SD5 has two types of **Discretionary Days** available to all contract teachers:

**Article G.5** Unpaid Discretionary Day meaning you lose your daily rate of pay for each day you use this leave. This does have an impact on your pension down the road.

**Article G.18** Paid Discretionary Day meaning you get paid but pay the difference between your daily rate of pay and the cost of a TTOC (currently \$500/day).

To find your daily rate of pay, take your monthly salary and divide by 20.

So, if you are Cat 5, Step 9 then you make  $\$96957/200 = \$484.78$  per day.

EXAMPLE:

So for G.5 you lose \$484.78 per day and for G.18 you get paid \$484.78 minus \$480 for TTOC pay leaving you with \$4.85 pay per day for those days.

These leaves can be combined or accessed in any order.
